Great, thank you so much!

I will try to reach out to the hardware store today and to the other folks tomorrow.

For a followup meeting, we can do Wednesday (7/11) afternoon or Thursday (7/12) any time. How does Wednesday at 2:00 PM or Thursday at 10:00 AM sound?

To answer your payment question, none of our participants ever pay anything out of pocket. We use our grants and work with the Worksouce Centers in order to fund all the trainings. Since all our participants are enrolled through the Worksouce Centers, they also have access to free supportive services like bus passes, gas cards, tools or clothing needed for job interviews, etc. So, as long as they are eligible for enrollment at the Worksouce Centers (which does require them to have authorization to work in the US), they would not have to pay for anything related to our programs.

I hope that makes sense, let me know if you have any other questions.

Subject: Following Up

Hi Moises,

It was great to meet with you today and talk about our shared goals. I believe we had some great ideas on opportunities to work together.

I would love to start by getting in contact with the owner of the hardware store that is going out of business. We may even be able to introduce him to the Business Source Centers who could help him navigate how to properly close out his accounts, etc.

It would also be great if you could help us get in contact with the Field Representatives/Deputies that you mentioned from the two council offices, as well as the Korean Culinary School and the Korean Church you mentioned. We would love to meet with anyone else you can think of that may be helpful in achieving our objectives.

Finally, I will run the idea of creating a training for small businesses including everything we mentioned by our Executive Director Adine today or tomorrow and I would love to have a follow up meeting with you to start nailing down the details. We could eventually include the Magnolia Place Initiative and see if they, along with Union Bank, could help us with some of the financial training. Are you available to meet the week of July 9th or the week after that?

Please let me know if there is anything I left out and if there is anything you need from us.

Thanks again for coming to tour our facilities. Looking forward to continuing to
